

Martinaire

Martinaire Pilot Memo 18-01

TO: All Martinaire Pilots
FROM: Chief Pilots Office
DATE: October, 31, 2018
REF: Use of Autopilot (FAR 135.93, C208 POH/AFM)

There have been several recent discussions regarding the use of the Autopilot. The Chief Pilots Office conducted a review of the regulations, POH/AFM, company manuals and general industry practices.

As a result, effective immediately, the following procedure regarding the use of the Autopilot shall be used by all Pilots.

- No Pilot shall engage the Autopilot after Takeoff or Initial Climb **BELOW 1500FT AGL**.
- On a coupled Approach to land, the Autopilot must be disconnected **AT or ABOVE the DH, MDA or CIRCLING MINIMUMS** respective of the Approach criteria used.

These are LIMITATIONS for your safety and to keep you in regulatory compliance.

This Pilot Memo is valid until incorporated into the GOM.
